

Personal Voice Mastery

Maximising your Personal Impact in Business and Life

Cath Baxter's own **Personal Voice Mastery** training course supports you with the motivation, skills and discipline necessary to be a confident public speaker and to deliver more effective presentations. Cath brings together her significant international voice coaching experience combined with a relaxed one-to-one coaching style that is unique and consistently delivers results.

The **Personal Voice Mastery** course is delivered over 6 sessions (60 mins each session) and is **uniquely tailored** to your personal and professional needs. You learn Cath's secrets to voice mastery, you build the confidence to apply them and you then relate all of this to your unique requirements to make a huge personal impact. Following successful completion of the training, you will have mastered your voice and you will be ready to face any audience with confidence, certainty and humour. This is the essence of public speaking and will make a significant difference not just to your professional life, but will overflow into your personal life too!

Personal Voice Mastery is delivered by Cath to you via Zoom or your preferred online platform. Best of all, **Personal Voice Mastery** incorporates a bonus end of course review (to ensure that we meet your personal objectives) and home exercises that you complete independently and review with Cath. In this way, you combine the processes and skills learned with the discipline required to become a master of your voice! Due to her other professional commitments, Cath offers this course with limited availability so don't miss this chance to work one on one with one of the leading voice coaches in the world.
